Vigor Alaska - Temperature Screening Communication

All AMHS Employees,

I am passing on the below and attached, as general information. Currently Vigor Shipyard has granted AMHS a one week extension on the face coverings, as we are currently purchasing face covering protection for all AMHS staff working on the ships in Ketchikan at the Shipyard.

Captain Falvey

From: Bergan Wieler <Bergan.Wieler@vigor.net>

Sent: Thursday, April 9, 2020 10:01 AM Good morning,

Starting Monday, April 13, we will be running temperature screening at the entrance of our Ketchikan facility. This is for every person seeking entry - Vigor employees, Customers, Subcontractors, and other. Also note that going forward, for the duration of the current pandemic, there will be only one entry point into the shipyard, this is the main entrance.

This screening will also require the self-assessment questionnaire (attached) to have been reviewed prior to entry. You do not have to fill it out and turn it in, this is a personal process that gives you a pre-check so that you are not turned away.

In addition to the above screening process please review the attached policy VI-447 which provides direction to all personnel on Vigor premises regarding the control of the potential of an illness outbreak. This policy is effective immediately and applies to your personnel when at any Vigor premises.

- Covid-19 Self-Assessment
- VI-447 – Face Coverings

Please ensure you inform all of your vessels, any other AMHS leader I may have missed, and all employees/co-workers who are or will be working on site so that they are not surprised.

Please feel free to call me anytime with questions.

Best Regards,

Bergan Wieler
